

HEAVEN IS FOR HEALING

A Soul's Journey After Suicide

JOE GALLENBERGER, PH.D.

"This book is the cogent, compassionate, and complete antidote to the belief that suicides (or anyone) is punished for eternity."

When his beloved brother Peter committed suicide, psychotherapist Dr. Joe Gallenberger met his overwhelming grief with courage, and open-minded curiosity. Using tools learned at The Monroe Institute, and affirming that "love can pierce any veil," he was soon able to contact Peter on the other side. Joe's experience on how to move through devastating loss in a transformational way, and what he learned about the other side, were shared in Joe's acclaimed book, *Brothers Forever*.

Heaven is for Healing envelops and expands upon this, taking up the story twenty years later. He reveals Peter's two-decade journey on the other side, and how Peter, with the most loving assistance, has progressed in healing from his suicide and how he is moving into new options for a next life. He explores the variety of ways suicides are helped to recover and then continue their growth, depending upon their condition when they arrive on the other side.

Joe also shares how this family crisis challenged him over these twenty years. He describes his own struggles with depression, and of how he rose from grief and made it his life's work to help other people live their lives to their fullest potential. He shares the tools he has created to move people from sadness and limitation into abundance and joy.

DR. JOE GALLENBERGER is a clinical psychologist with 30 years experience. He is in demand internationally as a psychokinesis and manifestation workshop provider. He is a senior trainer at The Monroe Institute and created its highly successful MC² program. He developed *SyncCreation®: a Home Study Course in Manifestation* and has taught over 80 *Inner Vegas Adventure™* workshops. His books *Inner Vegas: Creating Miracles, Abundance and Health* and *Liquid Luck: The Good Fortune Handbook* received rave reviews.
